The Alleghan County Road Commission has three Road Commissioners who are appointed by the County Board of Commissioners. They serve six-year staggered terms. One commissioner is appointed every two years.

The Road Commission Board is administrative in nature and is charged with setting policies and the performance duties imposed by law. Other duties include adopting the annual budget, awarding bids and contracts, and authorizing the purchase and disposal of equipment and facilities. The Board employs the chief administrative officer, and adopts position classifications, compensation, and benefits for ACRC employees.

The Managing Director is the chief administrative officer of the ACRC and is responsible for managing and administering the organization, coordinating activities, and overseeing engineering, financials, personnel, equipment and facilities and operations. He oversees all operations with the assistance of approximately 64 team members including: three Superintendents, the County Highway Engineer, the Finance Director, engineering staff, office support staff members, foremen, mechanics, heavy equipment operators, and road workers.

Each department works in conjunction with each other through communication and coordination towards the common goal of providing safe, efficient use of the public roads under the jurisdiction of the ACRC.

The State of Michigan is divided into 83 counties. Each county is divided into townships, cities, and villages. Most counties have 16 or fewer townships, while Allegan County has 24 townships. Only three counties have more townships than Allegan.

Allegan County is mostly rural in that there are not any large cities. With approximately 1,800 miles of roads, Allegan is the 6th largest behind the following counties: Oakland, Kent, Monroe, Saginaw, & Sanilac. In terms of population, Allegan County comes in 18th with an approximate population of just over 121,000.

The McNitt Act of 1931 provided for the consolidation of what had been township roads into 83 existing county road systems. Further definition for county road systems was provided by Public Act 51 of 1951. This not only defined road classes into categories of state, county, and municipal, it also established the Michigan Transportation Fund for the construction and maintenance of roads as well as a set of reporting standards for the same. Allegan County Road Commission (ACRC) is audited annually by the Michigan Department of Treasury and must comply not only by governmental Generally Accepted Accounting Principles (GAAP), but also by Act 51. Our annual Act 51 reports can be found on our website.

The ACRC receives funding from the State of Michigan through the Michigan Transportation Fund (MTF) which comes from fuel taxes, vehicle registrations and some miscellaneous fees. These funds provide the revenue to maintain the roads under ACRC jurisdiction and cover the costs of maintenance items for both primary and local roads. Special maintenance work, which is specifically requested by townships for the local road system, is paid for by the township. Townships also pay for construction work on local roads. MTF monies, state and federal grants, and a countywide millage are the most utilized funding methods for primary road projects. For a more in-depth explanation of funding, refer to the Township Guide on our website.

The largest source of revenue for the ACRC is the Michigan Transportation Fund (MTF). The MTF revenue is comprised of fuel tax, vehicle registration fees, redirected income tax, marijuana tax and miscellaneous fees and interest earnings.

There are three taxes on fuel and they don't all go to roads. Michigan gets back about 92% of the federal fuel tax collected in the state with about 75% of that going to the Michigan Department of Transportation and the other 25% being split between cities, villages and county road agencies around the state.

The Allegan County Road Commission partners with our 24 townships to improve the local road infrastructure. Along with covering 100% of the costs for general maintenance on local roads, the Road Commission provided each township with a \$50,000 revenue share to use on projects.

Almost half of the Allegan County Road Commission's revenue comes from Michigan Transportation Funds (MTF). This revenue held fairly steady for many years prior to 2017 when the legislature passed a bill package to increase transportation funds.

BOARD OF COMMISSIONERS OF THE COUNTY OF ALLEGAN

RESOLUTION APPROVING THE CREATION OF ONE ADDITIONAL CIRCUIT COURT JUDGESHIP IN THE FORTY-EIGHTH JUDICIAL CIRCUIT COURT

WHEREAS, MCL 600.549 is an excerpt of the Revised Judicature Act of 1961 and is amended effective March 29, 2023, to allow for 1 additional judge in the forty-eighth judicial circuit effective January 1, 2025; and

WHEREAS, to create the additional circuit court judgeship, the provisions of MCL 600.550 require a resolution to be adopted by the Allegan County Board of Commissioners (Board) approving the creation of that judgeship prior to its effective date; and

WHEREAS, pursuant to MCL 600.550(3), the county's approval of an additional circuit court judgeship shall not affect the State's obligation to pay the same portion of the additional judge's salary, which is paid by the State to the other judges of the same circuit, or to appropriate and disburse funds to the county for the necessary costs of state requirements established by state law which became effective on or after December 23, 1978; and

WHEREAS, the Board previously adopted two resolutions on January 27, 2022. One authorized the County Administrator to research and develop plans, particularly with respect to personnel and space needs relative to the addition of a third Circuit Court Judge. The second resolution endorsed the addition of a third Circuit Court Judge for the 48th judicial circuit. While both of the previously approved Board resolutions offer support for creating a third circuit court judgeship, neither of the resolutions approved the creation of a third circuit court judgeship within the context of the statute definition; and

WHEREAS, the Board desires to create one (1) additional circuit court judgeship, which it acknowledges constitutes an exercise of the county's option to provide a new activity or service or to increase the level of activity or service offered in Allegan County beyond that required by existing law and, therefore, voluntarily accepts its statutory obligation for expenses and capital improvements, which may result from the creation of the additional judgeship); as determined by the funding unit through its annual budget process, and

WHEREAS, to create the additional circuit court judgeship, the Allegan County Clerk is also required by MCL 600.550 to file the Board's resolution with the state court administrator not later than 4:00 p.m. of the sixteenth Tuesday preceding the August primary for the election immediately preceding the effective date of the additional circuit court judgeship.

THEREFORE BE IT RESOLVED that the Board has reviewed this matter and approves the creation of one additional circuit court judgeship in the forth-eighth circuit effective January 1, 2025; and

BE IT FURTHER RESOLVED that the Board approval of the additional circuit court judgeship does not necessarily result in an additional appropriation for all requests, nor does it guarantee that any

additional appropriation will automatically be associated with the creation of the additional judgeship; and

BE IT FINALLY RESOLVED that the Board directs the County Administrator to work with the forty-eighth Judicial Circuit Court Administrator to take all necessary steps to implement the creation of one (1) additional circuit court judgeship by January 1, 2025, and that copies of this resolution be transmitted to the State Court Administrative Office, the Judges of the Courts serving Allegan County, and the Michigan Association of County Legislative Affairs Office.

RE: **FY 2024-2028 Draft Proposed Budget**

I am pleased to present the FY 2024-2028 proposed budgets for your consideration. Financially, the upcoming year is planned to maintain a stable level of service and operations, *and* continue the implementation of several Board priorities in the law enforcement, judicial, transportation areas, in addition to starting the renovation of the courthouse. Funds are also directed to the maintenance of the County's portfolio of facilities, vehicles, and parks.

On an ongoing basis, the Board is engaged in the budget process particularly at the governance and policy level. The Board's work in adopting its Strategic Plan was utilized in the formation of the 2024-2028 budgets. In addition, each year the Board reviews and adopts the Budget Policy which provides general direction and specific parameters for the development of a recommended budget. Commissioner input is sought each year regarding the budget process, including the opportunity for each Commissioner to request specific information while the draft budget documents are being created. The Board also establishes personnel compensation parameters which impacts the majority of the budget. Capital parameters and priorities are set by the Board which provide direction for the development of the capital plan. On an ongoing basis, the Board receives revenue and expenditure status reports, capital reports, departmental performance reports and annual presentations, all aimed at keeping the Board engaged with the budget and related activities as well as departmental needs. Of course, overall financial accountability is reflected in the annual audit presented to the Board.

As a result of process improvement, budget planning is a more consistent process and information is getting to the Board earlier allowing more time for questions and consideration while still planning for the adoption of the budget well within the statutory timeframe. To stay on track with the timeline adopted in the Budget Policy, the Board will be asked to schedule an October 12 Public Hearing on the budget, which is also the target date for adoption of the FY 2024 budget. Note that State law only allows for the official adoption of a budget for FY 2024; years 2025-2027 are for longer-term internal planning.

Revenues

- *Property Tax:* The 2024-2028 budgets were built using the millage rates that the Board adopted in its April 2021 strategy document. The Property Tax category as a whole, which includes Trailer Tax and Industrial Facilities Tax, Marijuana Excise Tax, as well as Real and Personal Property Tax, is anticipated to increase by 6.3% but without an increase in the millage rate. For years 2024-2028, the taxable value is projected to increase by 6% per year, which is a combination of true growth plus Proposal A (allowed inflation) increases. The conservative approach is to continue the strategy that levies less than the maximum allowed so that a buffer may be maintained. Even with this conservative approach, by 2027, projected Headlee rollbacks will result in the County levying just 0.1919 mills less than the maximum millage rate.
 - A budget has been established for the receipt of marijuana tax from the State. These dollars come from the 10% excise tax charged on recreational sales and are distributed to the municipalities in which retail dispensaries are located. In March of 2023, The County received \$414,730 for FY 2022 Excise Tax. The County will not receive the FY 2023 distribution until March of 2024 so a conservative estimate of \$450,000 has been entered.

- *MDOC Detainee Housing Fee:* This is revenue received for accepting low-risk detainees held for minor rule violations from Kent County. The County would receive \$35 per day per detainee for up to 30 days. The transportation to/from the County Jail as well as medical costs would all be covered by Kent County. As we have no previous financial history for this revenue type, we have a conservative estimate of \$50,000 for FY 2024
- *Budget Stabilization Fund:* Generally, expenditures should be balanced to revenue without the use of Budget Stabilization. In years where services would otherwise be significantly reduced, it is appropriate to use Budget Stabilization as a tool in a reasonably sustainable manner. The following table shows the history of the use (as a Transfer Out) of this Fund.

Currently, the 2024 draft budget does not include the use of Budget Stabilization Fund dollars.

- *General Fund Committed Reserve:* While preparing the 2021 budget, the Board approved a three-year (2021 - 2023) “COVID-19 Distribution Reserve” in the General Fund. This Reserve was created from the General Fund surplus fund balance distribution process that is detailed in section 4.13 of the Budget Policy. As the chart shows, \$1,847,354 is available and we recommend using this balance as payment towards the courthouse renovation project taking place in 2024.

General Fund Committed Reserve Balance	Fund 101-374.190
COVID-19 Reserve Fund 12/31/2021	4,222,591.00

2022 Budget Transfer	(978,909.00)

Expenditures

- *Personnel:* The overall General Fund personnel costs increase is 5.9%. This includes the Board-approved double-step increases in the wage table. The list of approved and deferred position requests is subject to update at the request of the Board.
- *Preliminary Positions for 2024:* At this moment of the budget process, we are recommending the following new positions for your consideration:

Administration	New Full-Time Administrative Services Specialist	69,786
Circuit Court	New Full-Time Court Recorder/Judicial Secretary	78,998
Circuit Court	New Full-Time Law Clerk	88,211
Clerk's Office	New Full-Time Deputy Circuit Court Clerk	74,392
Pros. Attny	New Full-Time Assistant Prosecuting Attorney	109,277
Pros. Attny	New Full-Time Legal Admin. Specialist	78,998
Sheriff	New Courthouse Security/Assistance to Courts	79,743
Sheriff	New Full-Time Corrections Officer	90,022

669,428

- *Health Care Costs:* In accordance with P.A. 152 (“Hard Cap”) directives, a 2% increase has been budgeted for health care (medical, dental and vision) costs. Because the

County's costs were less than the Hard Cap for 2023, this increase will be enough to cover the expected 3% increase to the County's actual costs through the West Michigan Health Insurance Pool.

- *Drains Public Benefit Expense:* This expense was reduced from \$140,000 to \$100,000, which is more in line with historic spending.
- *Jail Health Insurance Variable Expense:* This expense was reduced from \$200,000 to \$150,000, which is more in line with historic spending.
- *Contingencies:* The amount earmarked for contingencies is \$611,847. Approximately \$37K of this contingency amount is being held for potential reclassification in positions that are still being considered. The list below outlines those potential personnel changes. Through the adoption the budget, the Administrator is authorized to create the necessary positions relative to the services or to apply the funds through contractual services.

GENERAL FUND

Health	221-601	<i>Evaluate Combining EH Assistants and PH Assistants Into a Combined Position and Reclass as Necessary</i>
Parks	208-751	<i>Reclass Parks Manager</i>

- *Operating Costs:* The gross operating costs change from FY23 to FY24 for all General Fund Departments is up 6.4%, or approximately \$579,973. The primary drivers of this increase are Jury Fees (up 56.8%), Contractual Services (up 16.25%), Printing & Binding for Elections (up 146.75%), Advertising (up 74.6%) and Office Equipment Repairs (up 55.2%)
- *Transfers Out:* As part of the April 2021 Strategy document regarding the early payment of debt, a \$2.4 million Transfer Out to the Liability Sinking Fund is included in this budget. A portion of this may be diverted for payment of the courthouse renovation project. There is also a \$225,000 increase to the transfer to the Sheriff Contracts Fund (287). This is due to an increase in the number of contracts signed in 2023.

- *Personnel:* The comments regarding General Fund personnel cost drivers hold true for non-General Funds. Please see the following chart:

NON-GENERAL FUND

<u>Dept</u>	<u>Fund</u>	<u>Position Request</u>
Health	221-601	New (5) Full-Time Public Health Technicians

- *Liability Sinking Fund:* This Fund accumulates dollars to pay down debt on an accelerated schedule. In 2022, \$7.65 million was distributed to MERS to restore the Defined Benefit pension funding level to 100%. A \$2.4 million General Fund transfer to this Fund is planned for both 2023 and 2024. All of these transactions are directed in the April 2021 Strategy document. In addition to these budgeted transfers, the Budget Policy directs that the Fund receives a portion of the General Fund surplus balance, measured at the end of each audit. The 2022 audit has been completed, this Fund has received a \$2,258,134 contribution, bringing the Fund balance to \$7,093,411. We are recommending that this balance be used towards payment of the courthouse renovation taking place in 2024.
- *PTO Liability Fund:* The PTO (Paid Time Off) Liability Fund is the mechanism that is used to capture and fund the County's total liability for accrued time off. The Budget Policy directs that this Fund be used to cover PTO payout amounts, such as at the time of an employee's retirement. Because Compensatory (Comp) Time payouts have the same liability profile as PTO, a budget has been created in the Fund to cover expected retirements. Creating a budget in this Fund, rather than budgeting for payouts in each department, avoids fluctuations in departments' personnel budgets.
- *Transportation Fund:* In accordance with the April 2021 Strategy, the Transportation Fund has an \$872,750 transfer in from the General Fund. This revenue will leverage State and Federal dollars, to provide expanded services to the County's residents.
- *Public Improvement (Capital Projects) Fund:* Per the Budget Policy, this Fund receives the first \$1.3 million of State Revenue Sharing (SRS) dollars, and 60% of the amount that exceeds \$2.2 million. This Fund's budget is still under development, as it is dependent upon the list of capital projects – a list that is still under review. It is very likely that the list of capital needs will exceed the SRS revenue directed to it. Additional SRS may be allocated to this fund with minimal negative impact to the Liability Sinking Fund, that receives the other 40% of SRS.
- *Senior Services Millage Fund:* Expenditures in the five service areas are projected to increase due to contract (unit price) increases, as well as volume (quantity) increases.
- *Animal Shelter Fund:* We are currently evaluating a renewal of a 3-year contract with a 501(c)(3) to manage the operations of our animal shelter in conjunction with Animal Control. The County has received a request for a significant increase in costs tied to that contract (approximately \$160,000 increase). As such, we are also evaluating other approaches to delivering the required services of the Shelter. We have a broad placeholder (approximately \$100,000) entered for the budget to cover a wide range of operational scenarios. Through the adoption the budget, the Administrator is authorized to create the necessary positions relative to the services or to apply the funds through contractual services.

Capital Projects:

Capital project requests are in the administrative review state and was presented to the Board at its August 24th meeting. It is expected that the County's needs will exceed the funding level directed through its Budget Policy. There is a Board directive of \$10 million to renovate the courthouse in 2024. In the absence of any state assistance, our plan is to fund this project using the balances of the COVID-19 Distribution Reserve as well as the Liability Sinking Fund.

Grants:

A comprehensive list of anticipated grants is included in this packet. Grants that appear on this list are able to be handled administratively with a report back to the Board in accordance with the Budget Policy. With the exception of Health Grants, which require a special Maintenance of Effort calculation, the amount of County funding required by the granting source may be found in the column titled "Local Match Required". Amounts found in the "Anticipated Additional County Funding" column may be reduced without fear of losing the underlying grant funds, although service levels (including staffing) may be impacted. In accordance with the Budget Policy guidance, grant applications now request reimbursement for indirect costs when the grant allows for cost recovery. A column indicating the status of indirect costs is included on the Grants Master List.

Fleet List:

A complete list of vehicles, boats, and trailers is included in the budget packet. As in past years, absent new grant funding or donations, items that were originally procured through a grant or donation are not planned for replacement through the County's capital process.

Fee Schedule:

The Budget Policy requires that the County-wide fee schedule be included with the budget submission to the Board. This list is included in the budget packet.
