Progress in Fulfilling A Vision

Mental Health Board Organized In County; To Launch Attack On Mental Health Problems

By Mary A. Simons
 Allegan County is preparing to launch a full-scale attack on ever increasing mental health problems. Coinciding with the beginning of National Mental Health Month Allegan supervisors announced May 1 the formation of their first Community Mental Health Services Board. Less than three years after a volunteer committee of concerned citizens inaugurated psychiatric services in the county by bringing in extension clinics on an experimental part-time basis, county officers, convinced by the increasing numbers of

Allegan, has been employed by the board as executive secretary and office manager. The board is currently considering applications for the position of program co-ordinator.
 Board Chairman Kyes said the ultimate goal of a projected Community Community Mental Health Center is to provide comprehensive mental health services for the entire county.
 In line with this plan, development of the following services is in the offing: in-patient and out-patient care, emergency diagnosis and treatment, and after care (for county patients released from state hospitals).

Board Chairman Kyes said the ultimate goal of a projected Community Community Mental Health Center is to provide comprehensive mental health services for the entire county.
