To Whom it May Concern,

Please find the enclosed Resolution 24-194, Opposing the Livingston County Board of Commissioner's Policy to Monitor and Document Contacts Between Undocumented Immigrants and the Livingston County Sheriff's Office, passed by the Washtenaw County Board of Commissioners on October 2nd, 2024.

Sincerely,

A handwritten signature in black ink that reads "Lawrence Kestenbaum".

Lawrence Kestenbaum  
Washtenaw County Clerk/Register of Deeds

A RESOLUTION OPPOSING THE LIVINGSTON COUNTY BOARD OF COMMISSIONERS POLICY  
TO MONITOR AND DOCUMENT CONTACTS BETWEEN UNDOCUMENTED IMMIGRANTS AND  
THE LIVINGSTON COUNTY SHERIFF'S OFFICE

WASHTENAW COUNTY BOARD OF COMMISSIONERS

OCTOBER 2, 2024

WHEREAS, Washtenaw County is committed to promoting inclusivity, fairness, and respect for all individuals, regardless of their immigration status; and

WHEREAS, Livingston County's resolution to monitor and document interactions between undocumented immigrants and its Sheriff's Office is more of a politically driven effort to promote scapegoating and division than it is an attempt to solve a real problem; and

WHEREAS, this policy perpetuates harmful stereotypes about immigrant communities, creating unnecessary fear and distrust while diverting attention from more pressing public safety needs and issues; and

WHEREAS, Washtenaw County has made it clear through its policies and actions that it rejects any form of discrimination, racial profiling, or targeting of individuals based on their immigration status, and instead aims to foster a safe and welcoming environment for all residents; and

WHEREAS, Washtenaw County and Livingston County are not comparable in population size or make-up, economic status, public assets, legislative priorities, education level or any other marker that would warrant comparison and as such, is not an appropriate benchmark by which Livingston County should measure itself; and

WHEREAS, the focus on immigration as a cause of crime ignores factual data and expert analysis, which show that immigrant communities, including undocumented immigrants, contribute positively to local economies and public safety, with no statistically significant link between immigration and increased crime rates; and

WHEREAS, Livingston County resolution 2024-09-128 cites data from "Crimegrades.org" which on their own About Our Data webpage states both "While we believe the data to be accurate, sometimes accurate data can lead people to false conclusions" and "Looking at a map of total crimes can be misleading"; and

WHEREAS, Washtenaw County believes in evidence-based policymaking that enhances community trust in law enforcement rather than undermining it through divisive and politically motivated actions.

NOW THEREFORE BE IT RESOLVED the Washtenaw County Board of Commissioners strongly opposes Livingston County Board of Commissioners Resolution 2024-09-128 to monitor and document contacts between undocumented immigrants and law enforcement. This policy is antithetical to the values and beliefs of Washtenaw County and serves only to create division and fear without addressing real public safety concerns.

BE IT FURTHER RESOLVED Washtenaw County will continue to stand by its commitment to protect and support all its residents, regardless of immigration status, and calls on neighboring communities to focus on fostering unity and cooperation for all members of their community.

BE IT FURTHER RESOLVED the Washtenaw County Board of Commissioners directs the County Clerk to send a copy of this resolution as a communication to other Michigan Counties.

## ANNUAL REPORT

### NOTE FROM THE DISTRICT DIRECTOR

Like many of you, I grew up singing the iconic lyrics of “This Land is Your Land.” As we recall, it begins, “This land is your land, this land is my land.” With that melody echoing in your mind, I am pleased to present not just your annual report, but also mine. Stepping into this role not too long ago, this annual report has been instrumental in deepening my understanding of the profound impact MSU Extension has had on our county over the past year. It is my sincere hope that this document serves a similar purpose for you.

In the forthcoming year, I eagerly anticipate actively supporting the educators, instructors, and coordinators of MSU Extension. By doing so, I will gain first-hand experience of the projects, programs, and initiatives that will be detailed in next year’s annual report.

In the meantime, please feel free to reach out to me via phone or email with any questions about this annual report of MSU Extension. While I may not have all the answers, I am quickly learning that someone within MSU Extension likely does.

## From Allegan to Tanzania

### Global 4-H Network Summit 2023 Arusha Tanzania

Our very own 4-H educator, [Janis Brinn](#) traveled to Tanzania to present, “4-H Global Visual Letters Art Exchange: 2017 Global 4-H Network Summit partner pilot global and cultural success” and blended “[Backpack to Adventure: Youth Leaders in a Global World](#)” curriculum into the session. The session was also very well-received, with possible future pilot programs already in the works with other countries. Jan was honored that she was able to hand deliver artwork created by children and youth from Michigan and Manitoba Canada 4-H to [Taiwan 4-H](#) as part of the 2023 pilot art exchange program

Jan Brinn presenting pillowcase dresses made by Michigan 4-H'ers at the Aston Vision Support Children School and Orphanage.

A clover was hand-stitched to the hem of each little dress to symbolize it was sent by 4-H.

Another highlight of the trip was the presentation of pillowcase dresses made by Michigan 4-H'ers to children at the Aston Vision Support Children School and Orphanage. Jan Brinn presented the clothing to the children – she threw them into the air and watched the children gleefully catch them – and then she and other participants and the teachers helped put them on the children to enjoy. The lead of the sewing community service project, [Wayne County 4-H](#) Program Instructor [Kathy Henderson](#) stated, "I thought the idea of children and adults helping children who live in a different country would be awesome! The fact that they would probably never meet one another and received nothing in return was just phenomenal! This project means the world to me...pun intended! And to think it all happened at MSU Extension Michigan 4-H!"

# 4-H YOUTH DEVELOPMENT

## Dian Lieve 4-H Outstanding Alumna

The Michigan 4-H Emerald Clover Society honors former Michigan 4-H members whose professional leadership and community service reflect the ultimate outcome of 4-H membership – extraordinary use of an individual's head, heart, hands and health to make communities, the country and the world better places in which to live. This recognition is provided by Michigan 4-H Youth Development with support from the Michigan 4-H Foundation.

Dian has devoted her life to the Michigan 4-H program, participating as a 4-H member, volunteer leader, and employee. Since 2012, she has been the 4-H program coordinator for MSU Extension in Allegan County, the county in which she had once been a 4-H'er herself. Before becoming the Allegan County 4-H program coordinator, Dian served as a 4-H program assistant in the county for 27 years & as a Cheboygan County 4-H program assistant for six years.

Over the years, she has generously lent her expertise to the Michigan Association of Extension 4-H Youth Staff, serving as regional vice chair and chair of the north and west central regions, and as association vice president, president, and past president. Dian recently completed two terms as the association treasurer. She also served two years as secretary/treasurer of the Michigan Council of Extension Agents and as a member of many statewide 4-H staff committees. She has received the MAE4-HYS Presidential Citation and Distinguished Staff awards, as well as the National Distinguished Service Award from the National Association of Extension 4-H Agents.

As she anticipates retirement in January of 2024, there is no doubt this community will miss her!

## New 4-H Program Supervisor For District 7

In 2023, MSU Extension brought on a new 4-H Program Supervisor, Kellie Kieren! Kellie began her 4-H experience at the age of 5 when she showed animals at the Newaygo County Free Fair. She continued her engagement in 4-H until she aged out of the program. Over the years she engaged in a variety of project areas including goats, rabbits, chickens, horses, pigs, and lambs. Kellie has experience building community partnerships and gaining support for programs. Please welcome Kellie to MSU Extension!

## Success Story - Cooking For One

*When we go out into the community, we have a purpose: we help people live their best lives through health and well-being. But I have learned that oftentimes, we fulfill needs we're unaware of. As we work to educate, we are also forming connections that can be invaluable to people who may feel on the fringes of their communities or lonely for other reasons. In a post-pandemic community, our ability to connect with our learners is more important than ever as our "new normal" continues to take shape. - Abbey Stroop, Community Nutrition Instructor*

I was getting more comfortable with my group and learning several of their names. During the third week of Cooking for One, Dottie came early, and met me at the front door.

She sat on her walker, holding the door for me while I brought in my supplies. Then she brought her walker to our program space, and we chatted while I was getting set up.

Initially, I did not think too much of it.

In the following weeks, Dottie was there early for every class and stuck around at the end. Sometimes she helped me clean up but other times, she just sat and chatted. I enjoyed the company. This continued until our very last week of class when she hung around at the end again and said, "I have to tell you why I stay with you so much. You probably thought it was strange." I assured her that I did not think it odd and that I enjoyed talking to her.

Her smile was genuine but a little sad as she explained to me that she liked coming to be with me because I reminded her of her granddaughter, who used to visit every week, but was now away at college. She missed her terribly but felt like I was a good friend to help fill that absence. # SUPPORTING AGRICULTURE & AGRIBUSINESS

## Soybean Production

---

State-wide MSU Extension Soybean Educator, Mike Staton, who is housed in Allegan County, conducts on-farm research and educational programs designed to help producers be more profitable. Because soybeans are raised by approximately 245 farmers on 42,000 acres in Allegan County, some of these projects and programs were held here. One of the six Michigan Soybean On-Farm Research Updates was held in Hamilton on January 11. A follow-up survey was conducted to measure the actual financial and educational impacts from the programs. A summary of the impacts from all six meetings is provided below:

- More than 400 producers and agronomists participated.
- 98% of the respondents gained new knowledge by participating in the program.
- 72% said that they utilized the information they learned on their farms during the 2023 growing season.
- Forty-two (42) producers said they actually earned additional money in 2023 by implementing the new information they learned at the program.
- The average amount of additional income was \$17.03 per acre applied to 16,058 acres, producing an actual financial impact of \$273,512 in 2023 alone.

Allegan soybean producers also actively participated in the Michigan Soybean On-Farm Research program again in 2023. Two producers conducted three of the 52 on-farm research trials conducted in 2023. All of which were published in a 32-page research report and mailed to more than 8,000 soybean producers across the state.

One of Staton's most effective methods of disseminating timely and relevant information is through MSU Extension News articles. In 2023, he authored 19 articles which received 9,300 pageviews. The 2023 pageviews for all the articles Staton authored exceeded 65,000. The articles can be easily accessed at: [http://www.canr.msu.edu/people/michael\\_staton?profileDisplayContent=related-work](http://www.canr.msu.edu/people/michael_staton?profileDisplayContent=related-work).

Staton was invited to co-present with Horst Bohner, at the 2023 Ontario Agricultural Conference. More than 550 producers and agronomists participated in the live session at Ridgetown and another 600 participated virtually as the presentation was streamed simultaneously to two remote locations (Kemptville, ON and Waterloo, ON). In addition, 316 people viewed a recording of the live presentation. The conference organizers surveyed participants at the end of the conference and found that 83% strongly agreed or agreed that the information presented increased their knowledge of the topic and that the soybean session was among the top 10 most viewed sessions (out of 50 sessions) of the two-day conference. This international educational opportunity provides evidence that MSU Extension is a recognized and valued source of information regarding soybean production.
