Operating Millage Proposal

This proposal will allow the school district to levy the statutory rate of not to exceed 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its revenue per pupil foundation allowance.

Shall the limitation on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Fennville Public Schools, Allegan County, Michigan, be increased by 2 mills (\$2.00 on each \$1,000 of taxable valuation) for a period of 5 years, 2024 to 2028, inclusive, to provide funds for operating purposes; the estimate of the revenue the school district will collect if the millage is approved and levied in 2024 is approximately \$46,202 (this millage is to restore millage lost as a result of the reduction required by the Michigan Constitution of 1963 and will be levied only to the extent necessary to restore that reduction)?

Bond Proposal

Shall Plainwell Community Schools, Allegan, Kalamazoo and Barry Counties, Michigan, borrow the sum of not to exceed Thirty-Nine Million Eight Hundred Thirty-Five Thousand Dollars (\$39,835,000) and issue its general obligation unlimited tax bonds therefor, in one or more series, for the purpose of:

erecting, furnishing, and equipping a new preschool building and additions to school buildings; remodeling, furnishing and refurbishing, and equipping and re-equipping school buildings, including for school security; and erecting, equipping, furnishing, preparing, developing, and improving playgrounds, athletic fields and facilities, and sites?

The following is for informational purposes only:

The estimated millage that will be levied for the proposed bonds in 2025 is 1.50 mills (\$1.50 on each \$1,000 of taxable valuation) for a -0- mill net increase over the prior year's levy. The maximum number of years the bonds of any series may be outstanding, exclusive of any refunding, is thirty (30) years. The estimated simple average annual millage anticipated to be required to retire this bond debt is 2.74 mills (\$2.74 on each \$1,000 of taxable valuation).

The school district does not expect to borrow from the State to pay debt service on the bonds. The total amount of qualified bonds currently outstanding is \$60,085,000. The total amount of qualified loans currently outstanding is approximately \$11,364,293. The additional estimated interest to be paid on the qualified loans that is attributable to the bonds is \$837,798. The estimated computed millage rate may change based on changes in certain circumstances.

(Pursuant to State law, expenditure of bond proceeds must be audited and the proceeds cannot be used for repair or maintenance costs, teacher, administrator or employee salaries, or other operating expenses.)
