I. INTRODUCTION

Act 381, P.A. 1996, as amended, was enacted to promote the revitalization, redevelopment and reuse of contaminated, tax-reverted, blighted, functionally obsolete or historically designated property through incentives adopted as part of a Brownfield Plan. The Brownfield Plan outlines the qualifications, costs impacts, and incentives for the project.

In order to promote the revitalization of these properties within the boundaries of Allegan County, Michigan (the "County"), the County has established the Allegan County Brownfield Redevelopment Authority (the "ACBRA") pursuant to Michigan Public Act 381 of 1996, as amended ("Act 381").

The Brownfield Plan and subsequent amendments must be approved by the ACBRA and the Allegan County Board of Commissioners, with the concurrence of the local government in which the property is located in order to take effect, in this case, the City of Otsego (City).

The primary purpose of this Brownfield Plan ("Plan") is to promote the redevelopment of and private investment in the former RockTenn Papermill site within the City, Allegan County. Inclusion of property within this Plan will facilitate financing of environmental response and other eligible activities at eligible properties and will also provide tax incentives to eligible taxpayers willing to invest in revitalization of eligible sites, commonly referred to as "brownfields." By facilitating redevelopment of brownfield properties, this Plan is intended to promote economic growth for the benefit of the residents of the City and all taxing units located within and benefited by the ACBRA.

This Plan is intended to apply to the eligible property identified in this Plan and, if tax increment revenues are proposed to be captured from that eligible property, to identify and authorize the eligible activities to be funded by such tax increment revenues.

This Plan is intended to be a living document, which may be modified or amended in accordance with the requirements of Act 381, as necessary to achieve the purposes of Act 381. The applicable sections of Act 381 are noted throughout the Plan for reference purposes.

This Plan is intended to be a "base" Plan which lays out a path for eligible activities to be undertaken by the County and future developer(s) for the completion of a mixed-use development and contains information required by Section 13(2) of Act 381.

II. GENERAL PROVISIONS

A. Description of the Eligible Property (Section 13 (2)(h)) and the Project

The property comprising the eligible property consists of 4 parcel(s) located at 431 Helen Avenue, Otsego, Michigan which were obtained by the County through tax foreclosure in 2012. Parcels 1 and 2 are both "facilities. Parcel 3 and Parcel 4 are blighted by virtue of tax foreclosure. Therefore Parcels 1-4 are eligible properties. Parcels 1-4 and all tangible personal property located thereon will comprise the eligible property and is referred to herein as the "Property."

Attachment A includes a site map of the Property. The Property is located just north of the City's downtown on the north side of the Kalamazoo River. Parcels 1, 2 and 4 are bounded by River Street to the north, the Kalamazoo River to the south, John Street to the east and a residential property to the west. Parcel 3 is bounded by River Street to the south and residential properties north, east and west of the parcel (see Figure 1).

| Address | Parcel ID | Eligibility | Owner |
|-----------|-------------------------|-------------|----------------|
| 431 Helen | Parcel 1: 54-015-006-00 | Facility | Allegan County |
| 431 Helen | Parcel 2: 54-015-006-00 | Facility | Allegan County |
| 431 Helen | Parcel 3: 54-015-006-00 | Blighted | Allegan County |
| 431 Helen | Parcel 4: 54-800-001-00 | Blighted | Allegan County |

Attachment B provides the individual legal descriptions for the eligible property.

The former RockTenn property consist of 4 parcels totaling approximately 47 acres. Parcels 1 and 2 contain a majority of the derelict buildings and also a capped waste disposal area which restricts the future use of disposal area. Parcel 3 was primarily used as a "borrow pit" as a source of sand for use in the waste disposal area where it was mixed with paper mill sludge and capped with clay. Some landfilling of polywaste may have also occurred on Parcel 3. Parcel 4 was primarily used for parking for the administrative staff at the papermill.

In keeping with the economic and development goals of the City and the desire by the County to eliminate safety concerns in the derelict buildings a Brownfield Plan has been prepared that consists of 2 parts. The first part is for the County to eliminate the safety concerns by demolishing the buildings and eliminating other hurdles to development such as soil contamination caused by the papermill operations. This will also eliminate a majority of the development hurdles that have kept interested developers on the sideline. The second part is to attract one or more developers to a site that is redevelopment ready. Once the buildings, including foundations and basements, are removed it is expected that there will be significantly more interest in redeveloping the property.

The County and the City are interested in a mixed-use development for the Property. This could include, but not limited to residential, commercial or light industrial uses. Once the buildings are demolished and the Property cleaned up, the City and County will be working together to attract developers that match the economic goals outline in the City's master plan and to meet the MEDC's Redevelopment Ready goals.

It is currently anticipated demolition and environmental due care activities will begin in the spring of 2021 and eligible activities will be completed within 6 months. It is expected that development and construction of the site will be completed within 5 years. Following demolition of the existing buildings, it is expected that mixed-use development will occur on the site. There is no project proposed for development at the time of this base Plan. The actual development may build on this Plan and may necessitate an amendment to this Plan. All material changes, as determined by sole discretion of the ACBRA and its staff shall be consistent with the overall nature of the proposed development, its proposed public purpose, and the purposes of Act 381.

Attachment C provides a description of the project to be completed at the Property (the "Project").

B. Basis of Eligibility (Section 13 (2)(h) and Section 2 (0))

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for an industrial purpose; (b) the Property is determined to be a "facility", as defined by Part 201, the Natural Resources Protection Act, and "blighted", as it is "tax reverted property owned by a county"; and (c) it is a "qualified property" as a papermill in a community of less than 10,000 people on the Kalamazoo River, which allows for the addition of eligible activities to include site preparation and infrastructure improvements.

Parcels 1 and 2 were determined to be "facilities" based on the soil and groundwater testing completed as part of a Phase II investigation in 2012 (see Phase II ESA Report, City of Otsego, Allegan County, Michigan). A number of analyses at locations on these parcels indicate contamination at concentrations that are above Part 201 Generic Residential Cleanup Criteria (GRCC) in the soil. Additionally, a waste disposal storage facility, that is restricted from future development, and is located at the west end of these parcels.

Parcels 3 and 4 were determined to be "blighted" based on the fact that they are tax reverted property owned by a county.

C. Summary of Eligible Activities and Description of Costs (Section 13 (2)(a),(b))

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Section 2 of Act 381, because of Department Specific Activities that include: Baseline Environmental Assessment activities, due care activities, environmental response activities, demolition and lead and asbestos abatement, development and preparation of Brownfield Plans and/or work plan(s), infrastructure improvements, and site preparation activities.

A summary of the eligible activities and the estimated cost of each eligible activity intended to be paid for with Tax Increment Revenues from the Property are shown in the table attached hereto as Attachment D. The eligible activities described in Attachment D are not exhaustive. Subject to the approval of the ACBRA in writing, additional eligible activities may be carried out at the Property, without requiring an amendment to this Plan, so long as such eligible activities are permitted by Act 381 and the performance of such eligible activities does not exceed the total costs stated in Attachment D.

The costs listed in Attachment D are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the ACBRA from the Property shall be governed by the terms of the Reimbursement Agreement. No costs of eligible activities will be qualified for reimbursement except to the extent permitted in accordance with the terms and conditions of the Reimbursement Agreement and Act 381. The Reimbursement Agreement and this Plan will dictate the total cost of eligible activities subject to payment or reimbursement, provided that the total cost of eligible activities subject to payment or reimbursement under the Reimbursement Agreement shall not exceed the estimated costs set forth in Attachment D. As long as the total costs are not exceeded, line-item costs of eligible activities may be adjusted after the date this Plan is approved by the governing body, to the extent the adjustments do not violate the terms of the approved EGLE or MSF work plan.

D. Estimate of Captured Taxable Value and Tax Increment Revenues (Section 13(2)(c)); Beginning Date of Capture of Tax Increment Revenues (Section (13)(2)(f); Impact of Tax Increment Financing on Taxing Jurisdictions (Section 13(2)(g))

This Plan anticipates the capture of tax increment revenues to reimburse the County and the Developer(s) for the costs of eligible activities under this Plan in accordance with the Reimbursement Agreement. A table of estimated tax increment revenues to be captured is attached to this Plan as Attachment E.

Tax increments are projected to be captured and applied to (i) reimbursement of eligible activity costs and payment of ACBRA administrative and operating expenses, (ii) make deposits into the State Brownfield Redevelopment Fund, and (iii) make deposits into the ACBRA's Local Brownfield Revolving Fund, as follows:

| Developer Maximum | | | | | | |
|----------------------|-----------------|-------|-----------------|------|--------------|-----------------|

| | | Local Brownfield Revolving Fund | \$ 2,524,674 |
| | | | |
| | | Debt Millage Capture | \$ 2,116,391 |

In no event shall the duration of this Plan exceed thirty-five (35) years following the date of the governing body's resolution approving this Plan, nor shall the duration of the tax capture exceed the lesser of the period authorized under subsection (3) and (5) of Section 13 of Act 381 or 30 years. Further, in no event shall the beginning date of the capture of tax increment revenues be later than five (5) years after the date of the governing body's resolution approving this Plan.

E. Plan of Financing (Section 13(2)(d)); Maximum Amount of Indebtedness (Section 13(2)(e))

The eligible activities are to be financed by the County and future Developer(s). The ACBRA will reimburse the County and future Developer(s) for the cost of approved eligible activities, but only from tax increment revenues generated from the Property.

All eligible activities completed by the County are to be reimbursed with local only property tax revenues. All reimbursements authorized under this Plan shall be governed by the Reimbursement Agreements between the County and the ACBRA and the Developer(s) and the ACBRA. The inclusion of eligible activities and estimates of costs to be reimbursed in this Plan are intended to authorize the ACBRA to fund such reimbursements

and does not obligate the ACBRA or the County to fund any reimbursement or to enter into the Reimbursement Agreement providing for the reimbursement of any costs for which tax increment revenues may be captured under this Plan, or which are permitted to be reimbursed under this Plan. The amount and source of any tax increment revenues that will be used for purposes authorized by this Plan, and the terms and conditions for such use and upon any reimbursement of the expenses permitted by this Plan, will be provided solely under the Reimbursement Agreement contemplated by this Plan.

Unless otherwise agreed upon by future Developer(s), the ACBRA, and the State of Michigan, the ACBRA shall not incur any note or bonded indebtedness to finance the purposes of this Plan.

Interest shall not be paid under this Plan.

Reimbursements under the Reimbursement Agreement shall not exceed the cost of Eligible Activities permitted under this Plan.

F. Duration of Plan (Section 13(2)(f))

Subject to Section 13b(16) of Act 381, the beginning date of capture of tax increment revenues for each eligible property shall occur in accordance with the TIF table described in Exhibit E. In no event, however, shall this Plan extend beyond the maximum term allowed by Section 13(2)(f) of Act 381 for the duration of this Plan.

Furthermore, this Plan, or any subsequent amendment thereto, may be abolished or terminated in accordance with Section 14(8) of Act 381 in the event of any of the following:

a. The governing body may abolish this Plan (or any subsequent amendment thereto) when it finds that the purposes for which this Plan was established have been accomplished.

b. The governing body may terminate this Plan (or any subsequent amendment thereto) if the project for which eligible activities were identified in this Plan (or any subsequent amendment thereto) fails to occur with respect to the eligible property for at least two (2) years following the date of the governing body resolution approving this Plan (or any subsequent amendment thereto), provided that the governing body first does both of the following: (i) gives 30 days' written notice to future Developer(s) at its last known address by certified mail or other method that documents proof of delivery attempted; and (ii) provides the Developer(s) with an opportunity to be heard at a public meeting.

Notwithstanding anything in this subsection to the contrary, this Plan (or any subsequent amendment thereto) shall not be abolished or terminated until the principal and interest on bonds, if any, issued under Section 17 of Act 381 and all other obligations to which the tax increment revenues are pledged have been paid or funds sufficient to make the payment have been identified or segregated.

G. Effective Date of Inclusion in Brownfield Plan

The Property will become a part of this Plan on the date this Plan is approved by the governing body.

H. Displacement/Relocation of Individuals on Eligible Property (Section 13(2)(i-l))

There are no persons or businesses residing on the eligible property and no occupied residences will be acquired or cleared, therefore there will be no displacement or relocation of persons or businesses under this Plan.

I. Local Brownfield Revolving Fund ("LBRF") (Section 8; Section 13(2)(m))

The ACBRA has established a Local Brownfield Revolving Fund (LBRF). The LBRF will consist of all tax increment revenues authorized to be captured and deposited in the LBRF, as specified in Section 13(5) of Act 381, under this Plan and any other plan of the ACBRA. It may also include funds appropriated or otherwise made available from public or private sources.

The amount of tax increment revenue authorized for capture and deposit in the LBRF is estimated at \$2,597,527. All funds, if any, deposited in the LBRF shall be used in accordance with Section 8 of Act 381.

J. Brownfield Redevelopment Fund (Section 8a; Section 13(2)(m))

The ACBRA shall pay to the Department of Treasury at least once annually an amount equal to 3 mills of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, that are captured under this Plan for up to the first twenty-five (25) years of the duration of capture of tax increment revenues for each eligible property included in this Plan. If the ACBRA pays an amount equal to 3 mills of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, on a parcel of eligible property to the Department of Treasury under Section 13b(14) of Act 381, the percentage of local taxes levied on that parcel and used to reimburse eligible activities for the Project under this Plan shall not exceed the percentage of local taxes levied on that parcel and used to reimburse eligible activities for the Project under this Plan shall not exceed the percentage of local taxes levied on that parcel and used to reimburse eligible activities for the Project under this Plan shall not exceed the percentage of local taxes levied on that parcel activities for the Project under this Plan if the 3 mills of the taxes levied under the state education tax, 1993 PA 331, MCL 211.901 to 211.906, on that parcel were not paid to the Department of Treasury under Section 13b(14) of Act 381. This shall occur once an Act 381 Work Plan has been submitted and the Plan is capturing state school taxes.

K. Developer's Obligations, Representations and Warrants

Future Developer(s) and its affiliates shall comply with all applicable laws, ordinances, executive orders, or other regulations imposed by the County or any other properly constituted governmental authority with respect to the Property and shall use the Property in accordance with this Plan.

The Developer(s), at its sole cost and expense, shall be solely responsible for and shall fully comply with all applicable federal, state, and local relocation requirements in implementing this Plan.

The Developer(s) represents and warrants that a Phase I Environmental Site Assessment ("ESA"), and if appropriate, a Phase II ESA, Baseline Environmental Assessment, and Response Activity Plan/Documentation of Due Care Compliance, pursuant to Part 201 of Michigan's Natural Resources and Environmental Protection Act (MCL 324.20101 *et seq.*), has/have been performed on the Property ("Environmental Documents").

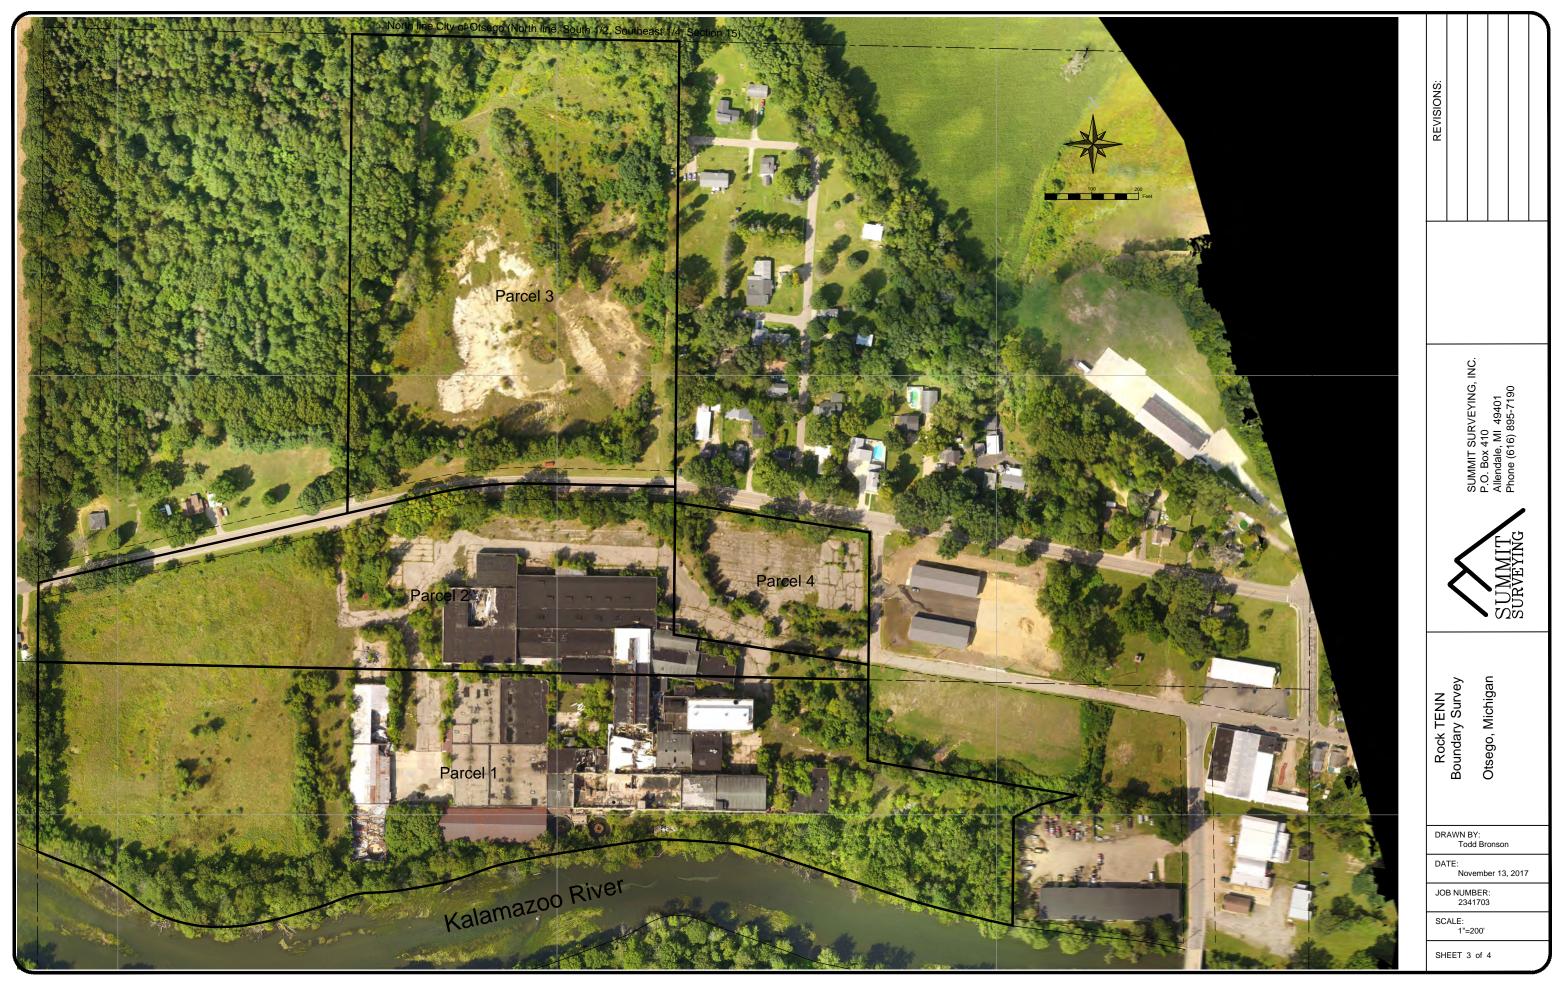

The Developer further represents and warrants that the Project does not and will not include a State of Michigan Land Bank financing component.

Except as otherwise agreed to by the ACBRA, any breach of a representation or warranty contained in this Plan shall render the Plan invalid, subject to the Developer's reasonable opportunity to cure as described in the Reimbursement Agreement.

Project Description

PROJECT DESCRIPTION

The former RockTenn papermill property was an industrial property for close to100 years and has been vacant for approximately 10 years. Left behind from itsindustrial history are blighted buildings and contamination in proximity to theKalamazoo River which stand in the way of meaningful development.

The City of Otsego has developed an economic strategy that centers around theattraction of new businesses, the redevelopment of underutilized properties and increasing the housing stock for new residents. Redevelopment of the RockTennproperty fits this economic strategy.

The RockTenn property consist of 4 parcels totaling approximately 47 acres. Parcels1 and 2 contain a majority of the derelict buildings and also a capped waste disposalarea which restricts the future use of disposal area. Parcel 3 was primarily used as a "borrow pit" as a source of sand for use in the waste disposal area where it wasmixed with paper mill sludge and capped with clay. Some landfilling of polywastemay have also occurred on Parcel 3. Parcel 4 was primarily used for parking forthe administrative staff at the papermill.

In keeping with the economic and development goals of the City and the desire bythe County to eliminate safety concerns in the derelict buildings a Brownfield Planhas been prepared that consist of 2 parts. The first part is for the County toeliminate the safety concerns by demolishing the buildings and eliminating otherhurdles to development such as soil contamination caused by the papermilloperations. This will also eliminate a majority of the development hurdles that havekept interested developers on the sideline. The second part is to attract one or moredevelopers to a site that is significantly more development ready. Once thebuildings, including foundations and basements, are removed it is expected thatthere will be significantly more interest in redeveloping the property.

For purposes of this Brownfield Plan, an investment of \$10 million has been used inorder to reimburse the County \$1,644,000 for demolition and cleanup activities and\$6,740,000 to attract developers for demolition, cleanup, and site preparation and infrastructure improvements leading to expected mixed-use development.

Depending of findings following the demolition of the buildings, other cleanupfunding sources will be explored with EGLE and EPA. Additionally, fundingopportunities, for infrastructure improvements may be available.

It is expected that the demolition and cleanup by the County will occur in early 2021 while overall development of the 4 parcels to be completed by 2028.
