

Adhesives

Solvent-based adhesives can be toxic and ignitable. Examples of solvent-based adhesives include super glue, flooring and roofing adhesive.

Household hazardous waste collections occur three times annually, for details visit allegancounty.org/health/recycling-program or contact (269) 686-4559 for an appointment.

If possible, use it up.

Donate it to a friend or community organization. As long as it is in good condition.
